The District Magistrate, Civil & Military Station, Bangalore, with reference to his letter No.1313-B-28, dated the 30th March 1928, and with the request that if any objections or suggestions are received, they may be communicated to this office with an expression of his opinion thereon.

Original in CO file No. 75/1912.
Recd on 8.5.28 from CO. 5

Letter No.M-1198, dated the 23rd April 1928, from the Secretary to the Government of India, Department of Industries and Labour, Simla, to the Secretary to the Government of Bombay, General Department.

Subject:- Inspection of Railway Explosives magazines by District Magistrates.

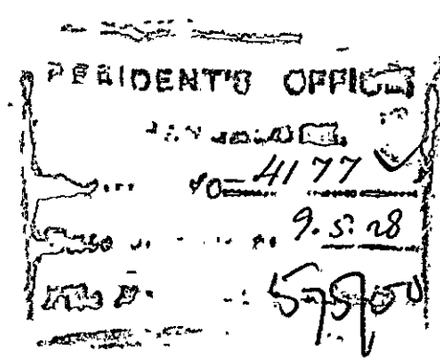
With reference to your letter No.2069/14767/C., dated the 15th November 1927, I am directed to say that in the opinion of the Government of India, a District Magistrate has no statutory power under the Indian Explosives Act, 1884, or the Indian Petroleum Act, 1899, to inspect premises in which explosives or petroleum are stored by a Railway. They, however, consider it desirable that District Magistrates should be empowered to inspect explosives magazines belonging to Railways, as it is not possible for the Chief Inspector and Inspectors of Explosives to inspect all these magazines annually. The Railway Board is being requested to issue necessary instructions to the State Railways ~~and also to the State Railways~~ and also to enquire from the Company-managed lines whether they would have any objection to the inspection by District Magistrates of magazines belonging to them.

A copy, with a copy of the letter replied to, is forwarded to all other Local Governments and Administrations, for information.

By order, etc.,

Sd/- J.P. Ganguli,

Asst. Secretary to the Government of India.



Copy to R.O.

. Letter No.2069/14767/C, dated 15th November 1927, from the Secretary to the Government of Bombay, General Department to the Secretary to the Government of India, Department of Industries and Labour.

Subject:- Indian Explosives and Petroleum Acts.
Exemption of Railway Companies from taking out licenses for the possession of explosives and petroleum.

I am directed by the Governor in Council to invite your attention to the Government of India, Department of Industries and Labour, letter No.M-1198, dated the 10th November 1925, regarding the exemption of Railway Companies from taking out licenses for the possession of explosives, and to enquire whether in view of the orders conveyed in it, a District Magistrate is competent to inspect premises in which explosives are stored by a Railway Department. If the answer to the query is in the negative, it will not be possible for District Magistrates to exercise any check over structures, in which petrol etc. are stored, located within railway limits.

NOTIFICATION.

No.M-1217 (2)- In exercise of the powers conferred by section 17 of the Indian Explosives Act, 1884, (IV of 1884), the Governor General in Council is pleased to declare that Di-nitro-phenol, Di-nitro-phenolates and mixtures of Di-nitro-phenol with any other substances shall be deemed to be explosives within the meaning of the said Act, subject to the following exceptions, namely:-

(a) Di-nitro-phenol during the process of manufacture if mixed with moisture in the proportion of 85 parts by weight of di-nitro-phenol to not less than 15 parts by weight of moisture shall not be deemed to be an explosive;

(b) Di-nitro-phenol if mixed with water in the proportion of 85 parts by weight of di-nitro-phenol to not less than 15 parts by weight of water and contained in water-tight packages shall not be deemed to be an explosive;

(c) Di-nitro-phenol containing less than 15 parts by weight of water and not exceeding five lb. in quantity if contained in packages from which it cannot escape and in the construction of which, with the exception of nails, screws or other devices necessary for securing the package, no metal other than aluminium or an alloy containing not less than 90 per cent of aluminium is used, shall not be deemed to be an explosive;

Provided that the foregoing exceptions ~~shall~~ shall not apply unless:-

(i) the di-nitro-phenol is so kept and conveyed as not to be liable, whether under the action of fire or otherwise to come in contact with any substance specified in the annexed schedule, or with any fire or light capable of igniting such di-nitro-phenol, and

(ii) each package is legibly marked "Di-nitro-phenol".

(d) Di-nitro-phenolate when mixed with not less than half of its own weight of water and kept or conveyed in water-tight packages shall not be deemed to be an explosive.

(e) Di-nitro-phenol when thoroughly mixed with not less than three times its own weight of -

(i) anhydrous sulphate of soda, or

(ii) crystallized sulphate of soda, and packed in hermetically closed packages, or

(iii) potash alum,

shall not be deemed to be an explosive, provided that each package is legibly marked with the name of the substance.

Schedule.

Any of the following metals or metallic oxides, namely, lead, oxide of lead, oxide of iron, potash, baryta, lime, soda, oxide of zinc, oxide of copper; and any compound of such metal or oxide (other than a metallic sulphate); or any chlorate, nitrate, or other oxidising agent; or any other substance declared by the Governor General in Council to be capable of forming with di-nitro-phenol a dangerous compound.

Provided that this Schedule shall not be deemed to include any metal, or oxide unavoidably formed on any metal, used in the construction of any ship, boat or carriage, or contained in any paint, where the packages containing di-nitro-phenol are protected from direct contact with such metal or ~~xxx~~ paint.

Assistant Secretary to the Government of India.

Foreign and Political Department,
Simla;
The 13th June 1928.

Notification of the Government of India, Department of Industries and Labour, No.L.1217(2), dated the 9th May 1928.

GOVERNMENT OF INDIA.

DEPARTMENT OF INDUSTRIES AND LABOUR.

Dated Simla, the 9th May 1928.

NOTIFICATION.

No. M-1217(2)- In exercise of the powers conferred by section 17 of the Indian Explosives Act, 1884, (IV of 1884) the Governor General in Council is pleased to declare that Di-nitro-phenol, Di-nitro-phenolates and mixtures of Di-nitro-phenol with any other substances shall be deemed to be explosives within the meaning of the said Act, subject to the following exceptions, namely:-

(a) Di-nitro-phenol during the process of manufacture if mixed with moisture in the proportion of 85 parts by weight of di-nitro-phenol to not less than 15 parts by weight of moisture shall not be deemed to be an explosive;

(b) Di-nitro-phenol if mixed with water in the proportion of 85 parts by weight of di-nitro-phenol to not less than 15 parts by weight of water and contained in water-tight packages shall not be deemed to be an explosive;

(c) Di-nitro-phenol containing less than 15 parts by weight of water and not exceeding five lb. in quantity if contained in packages from which it cannot escape and in the construction of which, with the exception of nails, screws or other devices necessary for securing the package, no metal other than aluminium or an alloy containing not less than 90 per cent. of aluminium is used, shall not be deemed to be an explosive;

Provided that the foregoing exceptions shall not apply unless :-

(i) the di-nitro-phenol is so kept and conveyed as not to be liable, whether under the action of fire or otherwise, to come in contact with any substance specified in the annexed Schedule, or with any fire or light capable of igniting such

di-nitro-phehol

di-nitro-phenol, and

(ii) each package is legibly marked "Di-nitro-phenol".

(d) Di-nitro-phenolate when mixed with not less than half its own weight of water and kept or conveyed in water-tight packages shall not be deemed to be an explosive.

(e) Di-nitro-phenol when thoroughly mixed with not less than three times its own weight of -

(i) anhydrous sulphate of soda, or

(ii) crystallized sulphate of soda, and packed in hermetically closed packages, or

(iii) potash alum,

shall not be deemed to be an explosive, provided that each package is legibly marked with the name of the substance.

Schedule.

Any of the following metals or metallic oxides, namely; lead, oxide of lead, oxide of iron, potash, baryta, lime, soda, oxide of zinc, oxide of copper; and any compound of such metal or oxide (other than a metallic sulphate); or any chlorate, nitrate, or other oxidising agent; or any other substance declared by the Governor General in Council to be capable of forming with di-nitro-phenol a dangerous compound.

Provided that this Schedule shall not be deemed to include any metal, or oxide unavoidably formed on any metal used in the construction of any ship, boat or carriage, or contained in any paint, where the packages containing di-nitro-phenol are protected from direct contact with such metal or paint.
